

Timbers Edge Master Plan

Huntsville, Alabama

portfolio

4Site was commissioned to design the planned development and construction documents for the 32 acre community located in eastern Huntsville. The goal of this project was to provide Huntsville's retirees an opportunity to live in a well-appointed community with convenient access to nearby areas of entertainment and shopping. Timbers Edge consists of a condominium community of 47 homes, a club house and open green spaces along a public greenway.

An Interdisciplinary Approach to Land Planning & Design
